

**Converting Sofa to Bed Position**

**Converting Bed to Sofa Position**

**1 From the front lift the Seat.**

Lift the Seat using two hands on the front handgrip, and gently lower the Back Deck to the floor.

**1 From the front lift the Seat.**

Lift the Seat using two hands on the front handgrip, until the Seat 'locks' onto the Back Deck.

**2 Disengage the Kicker Blocks.**

A short push of 2 to 3 inches and release, will ensure the two Kicker blocks inside are disengaged.

**Push 2-3" & Release**

**2 The 'Lock' position.**

The Top pins should be inside the Rubber Snapper

**3 Release the Seat Deck.**

Push the Seat forward only one inch, then pull upwards to release the Seat from the Back Deck.

**Push forward just 1" & Pull up**

If you have a light mattress you may need to put your foot on the Ledge at the bottom.

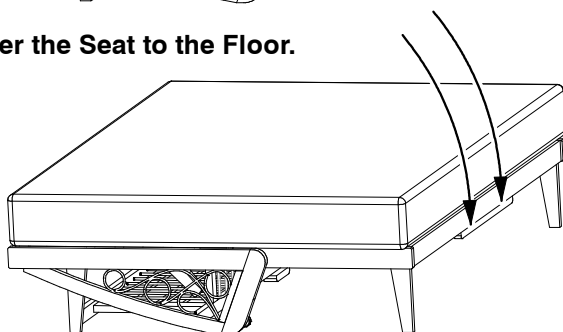

**3 Lower the Seat Deck.**

Using two hands on the front handgrip, lower the Seat down all the way.

**4 Lower the Seat to the Floor.**

**4 Pull the Back forward.**

Pull gently on the back of the Seat, to make sure the Kicker blocks are 'engaged'.
